SUNDAY MORNING, SEPTEMBER 5, 1915. NUMBER 1501

Labor Day Will Be Observed At Fair

TO RUN SPECIAL TRAIN.

The Southern Pacific will run a special boat from San Francisco Monday evening at 6 o'clock. Passengers will arrive in Richmond at 6:35 o'clock.

The Santa Fe will also run special service.

Tomorrow is Labor Day.

Arrangements have been made for a celebration which will mark a chapter in economic and industr ial history.

United working men and women with their families and friends of Richmond and the Bay Counties, will go to the World's Fair grounds early in the morning. All available means of transportation will be taxed to their utmost capacity.

There will be no parade—only a gigantic grand outpouring of the workers and their representatives, whose brawn and brain and skill and patience not only have wrought the wonderful Jewel City and the millions of marvels it contains of human achievements and progress from the ever and onward soaring genius of mind and hand, of peaceful pursuits, borne higher and higher aloft on the wings of ambition, imagination and endurance.

Employers, merchants and professional people of our city and State will join in the festivities and observations of the day.

It is estimated, based upon the advance sale of tickets by the committee of arrangements and the management of the Exposition, that the throng on next Monday, September 6th, will equal, if not exceed the attendance on the opening day of the exposition. Hence those who desire to avoid the crush will come early. It will be well for them to procure their tickets before Monday morning. Up to that time tickets can be had at theBuilding Trades Temple and at the Labor Temple. After Monday morning, admission tickets will have to be bought at the various gates to the Fair Grounds.

The program will start at 10 o'clock in the forenoon. From that time, the crowds will be kept busy seeing and hearing and enjoying themselves until late at night.

Nearly all the athletic exercises will take place on the Marina. A tug of war tournament has been arranged between trained teams representing the Building Trades Council and the San Francisco Labor Council. A large number of races, free for all, boys and girls, men and women, fat and lean, young and old, have been arranged. Amateurs and professionals will compete for trophies and medals.

There will be pole climbing, hot rivet-throwing contest, linemen's contests, rip-sawing contests and innumerable events of the kind. Life-saving exhibition drills, submarine and aviation demonstrations have been scheduled.

A gorgeous display of fireworks in the evening will wind up the celebration. There will be sufficient amusements, both of character and kind, that will suit the human cravings of joy to the utmost limits.

The more serious minded will also find what they seek. A momentous message will be delivered which will be in keeping with the importance and magnificence of the occasion.

Pupils of the seventh and eighth grades of the public and Parochial schools have been invited to participate in an essay contest on the theme chosen for the annual essay contest by the committee for this year: "The achievements and aspirations of organized labor."

A $10 cash prize will be awarded to the pupil writing the best essay, and a Panama-Pacific International Exposition medal will be presented to the s chool to which the pupil belongs.

These Labor Day essay contests by tthe pupils of the two highest grades in the grammar schools have in the past years brought fourth some very creditable productions and have therefore become a prominent feature of the day.

But the real great feature of this year's Labor Day celebration will be the message delivered by the Orator of the day to the workers of California and the citizenship of the nation.

Hon. Frank P. Walsh, of Kansas city, chairman of the United States Commission on Industrial Relations, will deliver that message in the Court of the Universe tomorrow afternoon. Those who desire to learn something about economic and industrial conditions in this country and the Problem of life, should hear Mr. Walsh.

After being released from a promise to speak in his home town on Labor Day, he kindly accepthed the invitation to deliver his Labor Day message in the grounds of th e Panama-Pacific International Exposition. No better place could have been chosen. Here he can speak not only to San Francisco, California, and the the United States but to the world.

Mr. Walsh, accompanied by his wife and daughter, arrived yesterday morning on the "Overland Limited." He was met at the Sixteenth Street station in Oakland by a committee representing the Building Trades Council and the Labor Council, and escorted across the bay and up to the Palace Hotel, where rooms had previously been reserved for him and his party, who will be the guests of the local committee of arrangements and the Exposition management during their sojourn in San Francisco.

In a letter written to a friends, Frank P. Walsh states that he received "new inspirations and hopes upon his former visit in San Francisco." He has come to reciprocate.

We know that his council his experience and his knowledge will help the men and women who are heavily laden with the burdens of life to the faith and the love that leads to a greater freedom.

EXPRESSES THANKS TO LABOR MEN

BY Norman H. Matson

Through the columns of the Daily News I wish to express my sincere and heartfelt thanks to the many who have stayed with me during my recent trial. While it is impossible for me to thank everyone personally at present, I hope that I may in the future have the pleasure and honor of expressing my appreciation to each individual.

Norman H. Matson, found guilty of criminal libel in the Superior court at Martinez has taken his defeat like a man. He is not crying or whining. James P. Arnold, upon whose charge Matson was convicted announced yesterday that he would not oppose probation for Matson. When questioned whether he would accept probation Matson said "Mr. Coghlan has advised me not to speak in regard to the case. It is best that Mr. Coghlan do what talking there is to be done in regard to the matter."

While the decision of the jury was a great shock, it has by no means disheartened the staunch supporters of Matson. The case will be carried to a higher court.

TO PRESENT PLAYGROUND PETITION

When the City Council meets Tuesday evening, the date having been changed from Monday evening, because of Labor Day, a petition signed by more than 500 will probably be presented asking that a site be selected west of First street for a new playground and park site. The petition which was gotten up by the West Side Improvement Club already has more than four hundred signatures and by the time the council meets it is expected that the required number will have been signed.

The petition will probably be presented to City Clerk C. A. Faris Tuesday morning.

With a large number of friends present, the marriage of Miss Philomna Keyes to Ernest O'Brien, the time keeper at the Standard Oil company was solomnized last night at St. Mark's church. Some eight months ago, Thomas D. Johnston wanted to become District Attorney. To attain this coveted office. Thomas D Johnston needed the support of the labor organizations of Richmond. And to get that support he fairly groveled. He used every influence which he possessed. The union labor men were at first doubtful. But Mr. Johnston through his eloquent and hysterical outbursts succeeded in convincing the laboring people of Richmond that he was a staunch supporter of labor. The unions voted to support him and the Daily News assisted him with every ounce of strength. Thomas D. Johnston was elected district Attorney of Contra Costa county. Weeks before the election, Thomas D. Johnston paid daily and nightly visits to the Daily News. He addressed labor meetings. He promised to support the union labor interests.

And Union Labor believed.

But as the months rolled by Thomas D. Johnson gradually weakened in his support of labor. The up county "ring" called and Johnston the "ardent labor supporter" heeded.

The Daily News has no ill feeling because Johnston prosecuted the case of criminal libel against Norman H. Matson. As a district attorney this was his duty. But Johnston did not want to "get" Matson. Not by a long ways. Johnston, now a staunch anti-labor man, is desirous of "killing the Daily News and destroying the good accomplished by union labor."

Johnston characterized the Daily News as "the dirty unscrupulous Daily News that is dying now and can't live much longer."

And Johnston is the same "gentleman" who several months ago begged fr the support of the Daily News. And he got that support because he succeeded in fooling the unions of Richmond.

When Johnston completes his term of office in 1918(provided of course the voters of Contra Costa can stand for his illustrious presence as district attorney that long) he will find the Daily News still in existance.

Johnston has shown himself in his true light. He has failed to keep his word with the union men of Richmond. And he will regret it.

There is no necessity of hiding "your light under a basket." In fact the fellow who is always backward about telling of his good habits and insists upon inflicting upon his hearers tales of his woe, disaster, et cetra, usually winds up or rather down in short order and is soon lost to the light oftheworld.

Years ago it was the prevailing belief that the "cop" was a sort of hoodlum who "slaughtered" the English language like certain editors of our fair city. That he enjoyed striking some poor defenseless victim with a club and as far as redeeming features were concerned he was completely lacking in them.

But an intelligent view of the police officer of today is farto the contrary. Take for instance the Richmond police department. To a man the y are heart and soul interested in Richmond. Most of the members of the department have families. Their sympathies are with the poor and erring. As an example. Recently the writer chanced to be in the police station when a man broken in health and pocketbook asked aid. There were four officers present. Eact one contributed $2.50 out of his own pocket and the money was given to the man.

There are instances like these occuring every day of the year in the department. The Richmond Police department is performing its duties well. Crimes are few and far between. Compared to other cities Richmond has a minimum of these depredations.

Don't think of the policeman as a big bloated ruffian whose only ambition in life is to jail everyone in the vicinity. Think of him as he really is—man.

Tires 30x3½
Also 30x3
With Three More Extras

Note that the Goodyear has for years held the leading place. It has proved its supremacy to hundreds of thousands. No other tire has ever won so many users.

Even the 30x3 size is a four-ply tire. And the All-Weather tread on it is made double-thick.

Added Size

This year we've increased our small-tire size. We have added 20 per cent to the air capacity—the factor which carries the load.

We have added 30 per cent to the side-wall rubber—just above the bead. That's where constant flexing breaks so many tires. And we've made new molds because a new design has shown increased endurance.

$317,000 Extra

These three new extras will this year cost us $317,000. They will save our users ten times that or more.

No like capacity was ever before embodied in a small-size tire. Yet this year we made another big price reduction.

Get these new extras when you next buy tires. See for yourself what they add to your mileage. Don't take smaller, thinner tires when Goodyears offer these things.

KIRBY HAS GOOD BUNCH OF BOUTS ON TAP

Kirby Floydd has certainly lined up a nifty card of bouts for the show at the Eighth street rink next Friday night. The fans will have a new list of faces to see and this should prove a big attraction. Kirby has dug deep into his jeans for the affair and the fans will probably turn out in greater numbers than at any other previous event.

The main event will find Joe Harvey and Dollie Miller trading swats. Now both these lads have performed in great shape before Oakland and San Francisco audiences and the fans can expect a rattling good match. Joe has eased the skids under Waldorff and Dave Ketchell, a couple of promising Oaklanders on several occasions and cleaned up a number of lesser lights. This will be a fast bout. Local fans will probably watch with considerable interest the debut of Frankie Campbell a local lad. Frankie will start against Young Silvester of the Yosemite club. Silvester has a little advantage in experience but Frankie expects to bring home the bacon via the K. O. route.

The other bouts are all good ones and Floyd certainly lined up a sweet looking array of millers.
